## 5 simple steps to set up your Home Care Package

- 1.** Call Prestige Inhome Care on **1300 10 30 10** if you would like one of our Care Specialists to guide you through the process.
- 2.** Firstly, you will require an Age Care assessment. Call My Aged Care on 1800 200 422 or visit [www.myagedcare.gov.au/referral](http://www.myagedcare.gov.au/referral) & follow the prompts to book an Aged Care Assessment.
- 3.** My Aged Care will send a letter confirming your eligibility for a Home Care Package and your priority level. This letter confirms you are now on the government managed national waiting list.
- 4.** Next, you will receive a second letter stating your APPROVAL for a HCP (either levels 1,2,3, or 4). Once you receive this letter it's best to complete the Aged Care Fees Income Assessment form.
- 5.** Depending on which area you live in, it may take between 6-12 months to be ASSIGNED your Home Care Package, at which point you should contact Prestige Inhome Care and we'll assign you a Case Manager to finalise your documentation and work with you to develop a care plan that best suits your needs.

### TIP.

At Prestige, you have the option to begin with private care whilst you wait for your HCP!

A Home Care Package provides flexible Government funded services that enable you to choose how your care and support is delivered to help you remain at home for as long as possible.

Do you already have a Home Care Package and are looking to switch to Prestige? Simply call us on **1300 10 30 10** and we can assist with the process.

## What's the cost?

### How much will the government provide me for my care?

Depending on the assessed need for the individual, the levels of Government funding available are as follows:

**Level 1 = \$9,026 p/year**      **Level 3 = \$34,551 p/year**  
**Level 2 = \$15,877 p/year**      **Level 4 = \$52,337 p/year**

Government funding is a subsidy which has rules about how it can be spent and how much you can spend.
